

PATENT
450100-03108REMARKS

Prior to the filing of the accompanying Request for Continued Prosecution Application, claims 1-3, 5-10 and 12-14 remained. These claims were the subject of an appeal, awaiting a decision by the Board of Patent Appeals and Interferences. By the present Amendment, claims 1-3, 5-10 and 12-14 are cancelled. New claims 15-22 are added to round out the scope of protection to which Applicant is entitled. These claims, as presented herein, are not filed for the purpose of patentability within the meaning of 35 USC sections 101, 102, 103 or 112. Rather, these claims are presented simply for clarification of the disclosed invention and to round out the scope of protection to which Applicant is entitled. No new matter is presented.

Entry of the instant Amendment is respectfully requested; and further examination on the merits of this application is solicited.

Respectfully submitted,
